SUMMARY OF QUALIFICATIONS

- Proficient in **MERN Stack** and **Next.js** for building dynamic, responsive web applications.
- Experienced in **RESTful APIs**, **database management (MongoDB/PostgreSQL)**, and **authentication**
- Strong skills in **React.js**, **modern JavaScript**, and **clean, maintainable code development**.

EDUCATION

Lebanese University (LU) — Bachelor's Degree in Computer Science

September 2025

Graduated: 2025

- Specialized in **Web Development, Databases, and Programming**.
- Completed projects using **MERN Stack and Next.js**

TECHNICAL SKILLS

- Frontend:** HTML5, CSS3, JavaScript (ES6+), typescript, React.js (Hooks, Context API), Next.js, Bootstrap, Tailwind CSS
- Backend:** Node.js, Express.js, RESTful APIs, Authentication (JWT, OAuth)
- Databases:** MongoDB, PostgreSQL, Mongoose
- Tools & Version Control:** Git, GitHub, VS Code, Postman
- Other:** Responsive Web Design, Server-Side Rendering (SSR), Client-Side Rendering (CSR), Agile methodologies, **I develop web applications and use AI tools to speed up and enhance my work.**

PROJECT EXPERIENCE

1. Fitness App (Next.js Full Stack) ([Link](#))

10 August 2025 – 30 August 2025

Built a full-stack web-based fitness platform using **Next.js, React.js, Node.js, and PostgreSQL**, by implementing **user authentication and authorization** to ensure secure login and personalized experience, and including **features such as workout tracking, progress dashboards, and activity summaries** to help users monitor their fitness goals.

2. Samsung Store Clone (MERN Stack) ([Link](#))

20 April 2025 – 10 May 2025

Built an e-commerce platform using **React.js, Node.js, Express.js, and MongoDB**, providing a complete online shopping experience by **implementing product listing, filtering, reviews, shopping cart, and admin panel**, and **integrating backend APIs and database operations** to ensure smooth functionality and data

3. Outfit Store (Frontend Only) ([Link](#))

10 October 2024 – 20 October 2024

Developed an online clothing store using **React.js** for the frontend, implementing features such as **product search, filtering, reviews, and responsive UI** to provide a smooth user experience.

INTERNSHIP EXPERIENCE

TechTalks Internship

September 1, 2025 – November 1, 2025

Participated in a 2-month training program at TechTalks, developing a team project: a learning language platform built with **Next.js, Tailwind CSS, and PostgreSQL**, implementing **authentication and authorization with Clerk**, and contributing to frontend and backend development, including UI design, database integration, and feature implementation.
